Troops Have Been

ing Fugitives

Headquarters, Naniquips, Chi-

April 30.—(Via Wireless to Co-

N. M.)—Columns of American

have been active today run-

ing fugitive Villistas. Like men

they have been riding re-

through the mountain vil-

lages of the continental divide.

known here that Gen. John J.

the expeditionary command-

er, has been with the results ob-

tained thus far, that many val-

uable reports have been made

to the American military au-

thorities. However, it is point-

ed out that this information is of

such importance that its nature

cannot be made public.

Col. Geo. A. Dodd, who with a

cavalry detachment defeated a

large Villista force in a rocky

canyon of the Sierra Madre

about a week ago, reached

here today from Minaca, his

base, and held a long confer-

ence with General Pershing. No

statement was made following

the meeting.

The American troops are now

concentrated at strategic points

along the line of communication

from Columbus, N. M., to the

front, and the Carranza forces

that have been camping near

Guerrero have manifested a

desire to co-operate with them

in every possible way.

Reciprocity, Policy

of Mayor Dollins

All persons who have been re-

quested to carry out any change

or improvement of many a change

wanted by the city are now re-

ceiving from the mayor a let-

ter of thanks for the service

rendered or the act performed.

For instance, when the city com-

mission requests the railroad to

fix a storm sewer, put in addi-

tional electric lights at any

point, or make any change

or perform any act whatsoever,

a letter of thanks and congratula-

tion follows the performance of

the duty.

It is the view of Mayor John

Dollins that this policy of cour-

tesy and reciprocity will bear

good fruit, and he is assiduously

following out the plan. He not

only writes letters of this char-

acter, but answers all the let-

ters which come to his desk, no

matter what they are, and in this

way is keeping the name of Waco

before the world and is showing

a responsiveness which it is be-

lieved will have good results.

MASONS, NOTICE.

A called meeting of J. H. Gurley

lodge No. 327 will be held at the

Masonic temple, corner Eighth

and Washington streets, at 7:30

p. m. Work in the E. A. and F. C.

degrees. Visiting brethren in-

vited.

Marlin Home Burns

and Family Barely

Make Their Escape

Special to the Morning News.

Marlin, April 30.—The home of Frank Novaski, on Potomac street, was a total loss by fire this morning at 6 o'clock. The flames had spread so far that when the family awoke they did not have time to escape with enough clothing to dress with. The house was a total loss, estimated at \$1500, and all furniture and clothing was burned. Some insurance was held on the house, but Novaski stated the policy was burned and he was not sure of the amount.

The alarm was given by a dairyman several blocks away, but the fire department reached the place in time to extinguish the flames which had spread to the residence of Dr. T. D. Peoples, in extinguishing the flames C. D. Fant was burned about the face.

Dr. Brooks at Burleson.

Special to the Morning News.

Burleson, April 30.—Dr. S. Palmer Brooks of Waco, candidate for United States senator, delivered an address to the graduating class of the Burleson high school here Friday night, after which he made a strong appeal in his behalf, which was much enjoyed by his admirers here.

Federation Churches

Would Aid European

War Suffering

Special to the Morning News.

Washington, April 30.—The following letter relative to European war relief was presented to President Woodrow Wilson, at Washington by Dean Shailer Mathews, president of the federal council of the churches of Christ, American Rev. H. B. Gross, vice chairman of the executive committee, and Rev. Charles S. Macfarland, general secretary, accompanied by the members of the advisory committee of the Washington office of the council.

"At a special meeting of the executive committee of the federal council of the churches of Christ, held on April 19, the following action was taken:

"Inasmuch as the conditions of suffering and need in the nations directly affected by the war in Europe and Asia are appalling beyond description, and are not known to the masses of our people, who have not been sufficiently informed concerning the facts to inspire them to interest or action; and since the inability of the nations, strained as they are to meet the needs of their own people, to appeal to the people of the United States, to use their utmost endeavors to bring relief, whenever possible to all who suffer; therefore,

"Resolved, that the federal council of the churches of Christ in America, recognizing the various relief organizations already at work, and having no purpose save that of co-operation, desires that the time has come for a relief movement of such magnitude as shall fittingly recognize the obligation of Christianity to respond to a just appeal and emphasize to all the world the moral and spiritual consciousness and the Christian and philanthropic spirit of the American people.

"One. That the federal council of the churches of Christ in America initiate a nation-wide movement for the relief of suffering people of Europe and Asia, of conditions created by the war.

"Two. That the movement shall be under the leadership and inspiration of the churches, a pre-eminently religious appeal to the people through the churches and religious orders and organizations, endeavoring to arouse among all classes the sentiment of personal self-sacrifice.

"Three. That the federal council of the churches of Christ in America request for the inauguration of the movement the week preceding Memorial Sunday for the solicitation of funds for the suffering people of Europe and Asia; that the president of the United States be requested to invite all the churches and religious organizations to contribute to the fund; that a delegation be appointed to present in person this proposal to the president of the United States.

"Four. That the movement be unrestricted in its appeal both in respect to the securing of funds and in the distribution of relief and that when individuals, churches and other organizations desire, they may designate their preference for the use of funds.

"Five. That the administration hereafter to be appointed shall follow up this initial appeal, and as necessary may exist or until the executive committee shall otherwise order.

"The president of the federal council, the general secretary and the chairman of the executive committee with others, as the delegation to be sent upon the president of the United States.

"We therefore hereby convey to you in behalf of the federal council and its constituent bodies this important memorial, believing that this movement will be supported by the churches, should through your co-operation become a nation-wide movement reaching all the people.

The letter was signed by Shailer Mathews, president; Frank Mason, Nat. chairman of the executive committee; Charles S. Mayfield, general secretary.

Large Attendance at

B'Nai B'Rith Meet

By the Associated Press.

Little Rock, Ark., April 30.—Nearly 400 delegates attended the opening sessions of the forty-third annual meeting of the grand lodge of district No. 7 of the B'Nai B'Rith here today. Today's sessions were devoted to addresses of welcome by state and local officials and the reading of the report of Myron C. Goldman of New Orleans, district secretary.

Officers probably will be elected tomorrow. Wednesday, the closing day of the convention, the delegates will go to Hot Springs to dedicate the Leo N. Levy hospital which was erected by the order.

Indians Capture

Eight Fishermen

By the Associated Press.

Bellingham, Wash., April 30.—A band of armed Lummi Indians captured eight Austrian fishermen today in Hale's Pass, Puget Sound, and took them to Lummi Island, where the fishermen tonight were held as prisoners. The Indians seized the fishermen's boat and their nets. Because the land on which the prisoners are held is part of the Lummi Indian reservation and under federal jurisdiction, the sheriff said he was unable to rescue the prisoners.

Street Car Strike

Will Be Ordered

By the Associated Press.

Pittsburgh, April 30.—Negotiations between the Pittsburgh Railways company and street car men were broken off shortly before midnight and T. J. Ward, president of the local union, announced that the strike would be ordered immediately.

PREACHER DECRIES

APPROVED DEAS

IN WOMEN'S DRESS

More than two thousand people heard

Dr. H. H. Hulten last night at the First Baptist church in the last service of the revival which has been in progress here since Dr. Hulten left early tomorrow morning for Oklahoma City, where he is pastor of the First Baptist church. One of the most prominent members of the church just died while on a visit to Florida and the pastor is expressing regret on account of the necessity for his leaving at this time, since the revival spirit is at the highest it has been since the pastor began his stay in Waco, and was delivered as a summing up of what had been preached at this service preceding.

The evening sermon was preached to men primarily, "with a few remarks for the women thrown in by way of parenthesis," so Dr. Hulten put it. "By the way some women dress in Waco and Oklahoma City and the other cities of our country today, a modest dress can't go down the street and keep its head up without flushing," said the preacher, "and I like to see them dress up, but I like to see them dress all the way up and also all the way down to go down to town in the afternoon at 4 o'clock, when the women are on dress parade with their abbreviated skirts, perforated hose and shoes, and bedaubed with Indian war paint, and that man to have clean thoughts."

That the preacher had to make is that the downfall of a great multitude of men is due to the very clothes the women are wearing on our streets today. If our styles of dress do not change in the near future, the very things that we adore now, our children will look upon with no objection whatever."

Governor Ferguson in

Waco for Several

Hours Yesterday

Stopping over in Waco for a few

hours yesterday afternoon on his way

to Fowler to visit the farm of C. D.

Johns, also of Austin, Governor

Ferguson met with a few friends who

happened to be in the lobby of the

State House hotel, but went almost

immediately to his room, where he re-

mained until a brief visit

of two friends and stayed until

shortly before his train left for Fowler.

He was accompanied to Waco by Mr.

C. D. Johns, and they went away to-

gether last night.

The governor came in over the M.

K. and T. railroad at 4:40 and left

over the Texas Central for Fowler at

8:10. He stated that he probably

would remain in Fowler until Tuesday.

While here Congressman Robert L.

Henry paid the governor a brief visit

in his room in the hotel, and the two

were together for awhile on the re-

sidence streets a little later. The go-

vernor was looking well and appeared

to be in good spirits.

Suggests Building

Cotton Factory Here

"Waco is located in the heart of the

cotton growing section of Texas, and

her position ought to be emphasized

by having here a great cotton factory,

something which would be on a scale

commensurate with this location. I

see no good reason why such a move-

ment properly launched and guided,

should fail to reach the desired end,

and we ought to be up and doing along

this line."

This was the view expressed by

John M. Maxwell regarding the

cotton mill which has been talked here

for a long time, and speaking further

he said: "The movement should origi-

nate from the inside, as it were, and

when it does we can get help from the

outside. We could go to the textile

centers, secure a thoroughly compe-

tent and dependable young man who

has the means and the disposition to

locate in this section, and by offering

the right lineup could get results. The

cotton mills of Texas are succeeding

splendidly now, and we should get this

matter in tangible form. The war has

demonstrated the fact that this coun-

try is using more of its own cotton

in the way of manufactured articles,

and sentiment is rapidly crystallizing.

Let us get busy on this proposition

and it will not be difficult to get re-

sults."

Speaking of factories for Texas and

the south, E. Montgomery said yester-

day:

"Why was it that the north was the

first section of the country to begin the

manufacturing of woolen and cotton

materials? It was because they had

the push in abundance, and the cost

of fuel in the south was entirely too

high; we could not compete with them

in manufacturing in those days, but

now fuel supplies have been developed

all over Texas in the form of oil and

natural gas. The question is, are we

going to use it just for pleasure and

in a luxury in lighting or heating our

homes or running autos?

"Why not install some large mills

in the center of some of our gas and

oil fields, where the fuel supply is ad-

equately to supply factories for work-

ing up our wool and cotton materials into

cloth? The business men should look

into this at once."

Demand for Stories

in Foreign Languages

Stories in German, French, Spanish

and Italian are rather scarce at the

Waco public library and there is ad-

demanded for fiction in foreign

languages of late which the library

has been unable to meet. Persons

having stories in these languages that

can let the library use will assist the

library by doing so.

Federation Churches Would Aid European War Suffering

Special to the Morning News.

Washington, April 30.—The following letter relative to European war suffering was presented to President Woodrow Wilson, at Washington by Dean Shailer Mathews, president of the federal council of the churches of Christ in America, Rev. H. B. Gross, vice chairman of the executive committee, and Rev. Charles S. Macfarland, general secretary, and informed the members of the advisory committee of the Washington office of the council.

"At a special meeting of the executive committee consisting of the official representatives of the thirty constituent bodies of the federal council of the churches of Christ, held on April 19, the following action was taken:

"Inasmuch as the conditions of suffering and need in the nations distressed by the war in Europe and Asia are appalling beyond description, and are not known to the masses of our people, who have not been sufficiently informed concerning the facts to inspire them to interest or action, and since the inability of the nations, stricken as they are, to meet these needs, constitutes an urgent appeal to the neutral nations, and especially to the people of the United States, to use their utmost endeavors to bring relief whenever possible to all who suffer, therefore,

"Resolved, that the federal council of the churches of Christ in America while recognizing the various relief organizations, and the efforts of the various nations, to purpose save that of co-operation, believe that the time has come for a relief movement of such magnitude as shall fully recognize the obligation of Christianity to respond to all human need and emphasize to all the world the moral and spiritual consequences of the Christian and philanthropic spirit of the American people.

"One, that the federal council of the churches of Christ in America initiate a nation-wide movement for the relief of suffering in Europe and Asia growing out of conditions created by the war.

"Two, that the movement shall be under the leadership and inspiration of the churches, and shall be carried out through the people through the churches and religious orders and organizations, endeavoring to arouse among all classes the sentiment of personal sacrifice.

"Three, that the federal council of the churches of Christ in America suggest to the president of the United States the week preceding Memorial Sunday for the solicitation of funds for the suffering people of Europe and Asia, that the president of the United States be requested to invite all the churches and religious organizations of the United States to set apart Memorial Sunday, May 28, 1916, for the consideration of the widespread sorrows of the peoples and for the purpose of raising funds to relieve the suffering; and that a delegation be appointed to present in person this proposal to the president of the United States.

"Four, that the movement be unrestricted in its appeal both in respect to the securing of funds and in the offering of relief and that when individuals, churches and other organizations desire, they may determine their preference for the use of funds.

"Five, that the administration heretofore to the national relief fund, through the national relief fund, as necessary may exist or until the executive committee shall otherwise order.

"The president of the federal council, the general secretary, and the chairman of the executive committee with others be associated with the movement, and as the delegation to wait upon the president of the United States.

"We, therefore, the federal council and its constituent bodies this important memorial, believing that this movement while appropriately and tactfully carried out should through co-operation become a nation-wide movement reaching all the people.

"The letter was signed by Shailer Mathews, president; Frank Mason North, chairman of the executive committee; Charles S. Mayfield, general secretary.

PREACHER DECRIES ABBREVIATED DEAS IN WOMEN'S DRESS

More than two thousand people heard Dr. H. H. Hulten last night at the First Baptist church in the last service of the revival which has been in progress for two weeks. Dr. Hulten leaves early tomorrow morning for Oklahoma City, where he is pastor of the First Baptist church. One of the most prominent members of the church just died while on his way to the funeral. Everyone is expressing regret on account of the necessity for his leaving at this time, since the revival spirit is at its height. It has been since the meeting began.

The subject for the morning service yesterday was "Substitution, or the Heart of the Gospel." The evening service was "The Wind and the Whirlwind," or the Law and the Gospel. The morning sermon was probably the most vital of any the evangelist preached during his stay in Waco, and it lived as a sermon of what had been preached at the services preceding.

The evening service was preached to men primarily, "with a few remarks for the women thrown in by way of parenthesis," so Dr. Hulten put it.

"By the way some women dress in Waco and Oklahoma City and the other cities of our country today," he said, "I like to see the ladies dress, but I like to see them dress up, but I like to see them dress all the way up and also all the way down. A man yesterday went almost immediately to go down to town in the afternoon at 4 o'clock, when the women are on dress parade with their hats and shoes, and bedecked with Indian war paint, and that man to have clean thoughts. I told him that the awful confession he made is that the downfall of a great multitude of men is due to the very clothes the women wear on their streets. If the styles of dress do not change in the near future, the very things that we adore now, our children will look upon with no objection whatever."

Governor Ferguson in Waco for Several Hours Yesterday

Stopping over in Waco for a few hours yesterday afternoon on his way to Fowler to visit the farm of C. D. Johns, also of Austin, Governor Ferguson met with a few friends who happened to be in the lobby of the State House hotel, but went almost immediately to his room, where he remained awhile and then went out with one or two friends and stayed until shortly before his train left for Fowler. He was accompanied to Waco by Mr. C. D. Johns, and they went away together last night.

The governor came in over the M. & K. and T. railroad at 4:40 and left over the Texas Central for Fowler at 8:10. He stated that he probably would remain in Fowler until Tuesday. While here Congressman Robert L. Henry paid the governor a brief visit at his room in the hotel, and the two were together for awhile on the residential street, where the governor's error was looking well and appeared to be in good spirits.

Suggests Building Cotton Factory Here

"Waco is located in the heart of the cotton growing section of Texas, and her position ought to be emphasized by the building of a great cotton factory, something which would be on a scale commensurate with this location. I see no good reason why such a movement properly launched and guided, should fail to reach the desired end, and we ought to be up and doing along this line."

This was the view expressed by Judge P. M. Maxwell regarding the cotton mill which has been talked here for a long time, and speaking further he said: "The movement should originate from the inside, as it were, but it does not mean get help from the outside. We could go to the textile centers, secure a thoroughly competent and dependable young man who has the means and the disposition to locate on this section, and by offering the right lineup could get results. The cotton mills of Texas are succeeding splendidly now, and we should get this matter in tangible form. The war has hampered the textile industry in this country should be using more of its own cotton in the way of manufactured articles, and sentiment is rapidly crystallizing. Let us get busy on this proposition and it will not be difficult to get results."

Mills Should Be Built in Center of Gas and Oil Fields

Speaking of factories for Texas and the south, E. Montgomery said yesterday.

"Why was it that the north was the first section of the country to begin the manufacturing of woolen and cotton materials, and the reason they had a rush in abundance, and the cost of fuel in the south was entirely too high, we could not compete with them in manufacturing in those days, but now fuel supplies have been developed all over Texas in the form of oil and natural gas. The question is, are we going to use it just for pleasure and as a luxury in lighting or heating our homes or running our machinery? Why not install some large mills in the center of some of our gas and oil fields, where the fuel supply is adequate to supply factories for working up our wool and cotton materials into cloth? The business men should look into this at once."

Indians Capture Eight Fishermen

By the Associated Press.

Bellingham, Wash., April 30.—A band of armed Lummi Indians captured eight Austrian fishermen today in Hale's Pass, Puget Sound, and took them to Lummi Island, where the fishermen tonight were held as prisoners. The Indians seized the fishermen's boat and their nets. Because the land on which the prisoners are held is part of the Lummi Indian reservation and under federal jurisdiction, the sheriff said he was unable to rescue the prisoners.

Street Car Strike Will Be Ordered

By the Associated Press.

Pittsburg, April 30.—Negotiations between the Pittsburg Railways company and street car men were broken off shortly before midnight and T. J. Ward, president of the local union, announced that the strike would be ordered immediately.

Touring Party from Marquez Reports Good Roads

Four prominent citizens of Marquez, Leon county, motored to Waco yesterday, coming by way of Thornton and Marlin, stopping last night at the Metropole hotel.

In the party were the following: R. P. Carrington, cashier of the First State bank; H. L. Carrington, resident farmer; Prof. M. R. Martin, superintendent of the public schools; K. D. Barkley, merchant. In speaking last night to a representative of the Morning News regarding crop conditions, Professor Martin said:

"We were really surprised at the splendid condition in which we found the corn crop all along the route, but it was especially good at one or two points between Thornton and Marlin and Marlin and Waco. The land was clean and seemed to be free from weeds in nearly every case. The oats looked well, too, and in fact the showing was excellent as to all crops."

"We found good roads all along the way, which shows the interest which is being taken in this important proposition."

Embezzler Found After Long Search

By the Associated Press.

Hot Springs, Ark., April 30.—Edgar Hardgrove Pettigrove, said to be former bookkeeper for Swift & Co. at Denver, Col., was arrested here today on a charge of embezzlement. It is alleged that Pettigrove had taken \$20,000 of the company's funds while in its employ. Pettigrove admitted his identity when arrested and declared his willingness to return to Denver to face a trial. He started for Denver tonight accompanied by an officer. The search in Arkansas for Pettigrove extended for more than a month, having been located in Fort Smith and Little Rock, but each time he escaped the officials who finally located him at Hot Springs today.

Gypsy Band Replaces \$608 in Bank

By the Associated Press.

Hot Springs, Ark., April 30.—A Gypsy band that was accused of the robbery of \$608 from the Farmers bank of Alicia last week has replaced the money although the accused wanderers deny guilt of the charges preferred against them. However they declared, according to Sheriff Owens, they would rather pay the money than remain in custody pending trial.

Boom Is Started to Nominate Root

By the Associated Press.

New York, April 30.—Announcement was made here tonight that a country-wide campaign has been undertaken for the nomination of the United States president by the republican national convention. Headquarters have been opened here in charge of John W. Dwight, who was for twelve years a member of congress. Senator James W. Wadsworth, it was said, will be the representative of the move in Washington. Headquarters will be opened later in Chicago.

By the Associated Press.

New York, April 30.—A. E. Weimar of Boston, Mass., was nominated for president of the United States by the Socialists of Chicago at the national convention. Headquarters have been opened here in charge of John W. Dwight, who was for twelve years a member of congress. Senator James W. Wadsworth, it was said, will be the representative of the move in Washington. Headquarters will be opened later in Chicago.

A resolution was passed urging employees to organize industrially "on the principles of the workers of the international industrial union and do all in their power to show the fallacy of the American Federation of Labor," which was characterized as a mere watch-your-job-pay organization."

Negro Attempts Suicide.
Night Sergeant Jackson responded to a call last night from 1004 South Eleventh street and found a negro man in a critical condition. Assistant City Physician Hodges was summoned and examination showed that he had taken carbolic acid. It is believed that he will live.

Give Concert Tour.

Special to the Morning News.
Ballinger, April 30.—The trade excursion arranged by the business league in the form of a free hand concert to Norton, a farming community twenty miles from Ballinger, took place Friday night and was considered quite a success. Not less than thirty-five cars from Ballinger carrying something like two hundred persons, made the trip. The Norton people extended a cordial welcome by overflowing the pavilion erected by the community for similar purposes. These concerts will be continued from time to time during the spring at other communities and towns in Runnels county.

Cemetery Day at Mt. Calm.

Special to the Morning News.
Mt. Calm, April 30.—Tomorrow is the date for the annual graveyard working and picnic at the old Mt. Antioch church, a custom that has been kept up for thirty years. Rev. J. Z. Nobles will have charge of the services, assisted by Revs. Goodwin and Cornelius.

UNUSUAL CORSET EVENT

of VITAL IMPORTANCE to ALL WOMEN

THIS Nemo Week finds us doing a tremendous business under very trying conditions.

The always-growing demand for our standard models and the marvelous increase in sales of our Wonderlift Corsets have resulted in our orders being largely in excess of the capacity of our factory.

In addition, the cost of all corset-material has greatly increased (in some cases doubled), and is still going higher. Certain materials cannot be had, in sufficient quantity, at any price.

All of which means that Nemo Corsets may soon be scarce in the market, and that a substantial advance in retail Nemo prices is inevitable.

In the face of these conditions, we shall emphasize our policy and make this Nemo Week a great event by featuring, in addition to our full regular line at regular prices, a fine—

"Nemo Week Special" \$3.00

Self-Reducing Corset

323 A new Self-Reducing model, for full figures, tall or of medium height. Made of our special "Steeltex" batiste, a strong, thin fabric, which is now too costly to be used in corsets selling at less than \$5.00. Skirt medium, bust rather low. Sizes 22 to 36—\$3.00.

No Such Value Again for Some Time to Come!

Several other models in fine batiste, for summer wear, and all our old favorite Self-Reducing models, better than ever—many of them now at prices less than you will pay for your next one.

Study Nemo Wonderlift Corsets

Guard Your Health and Youthful Grace

Take this occasion to study and try out the Nemo Wonderlift Corsets. In many stores you will find corsetieres who are members or graduates of the Nemo Hygienic-Fashion Institute, whose skilled assistance will be invaluable to you. From a health standpoint, Wonderlift Corsets are immeasurably superior to all others, and they are also superb STYLE corsets.

In due time nearly every woman who wears corsets will prefer to wear the "Self-Help" Wonderlift.

There is now a Wonderlift model for every figure, from the extremely lean to the very stout:

554 For stout figures, short or of medium height. Sizes 22 to 36 \$5.00

555 For taller full figures, higher bust and back. Sizes 22 to 36 \$5.00

556 For slender to medium figures, tall or of medium height. Fine white batiste; sizes 20 to 30 \$5.00

557 For slim figures, prominent hip bones, concave abdomen; inside supporting pads—an entirely new service, much needed. Sizes 19 to 26 \$5.00

1000 A model de luxe, for all average full figures; of lustrous white brocade; sizes 22 to 36 \$10

998 For extremely large women with heavy, pendulous abdomen and much excess flesh. The ONLY corset ready-made for women of this type. Strong white coutil, heavily boned; all sizes from 30 to 38, also extra sizes 40, 42 and 44 \$10

Study the Wonderlift! It means health and good looks to every woman—comfort such as you never hoped for, and perfect up-to-date style.

A Limited Number of Unreserved Tickets for

\$1.00

have been put on sale at box office. Get tickets and avoid the rush at the door.

LIVESTOCK NOTES.

The business men of the town of Albee, Texas, and the farmers of the adjacent country have raised a fund of \$20,000 with which to purchase fine cattle, and to take other steps to insure the community a plentiful supply of milk and butter at reasonable prices.

Marshall Messenger: W. R. Marney has just received from the Hood farm at Lowell, Mass., a letter announcing the record of Successful Queen with over 1600 pounds of milk and 1000 pounds of butter, which makes her the world's champion four-year-old. Mr. Marney will leave Monday night to attend the auction sale at Boston which begins May 1.

Abilene Reporter: Seven vats have been built, ten are in course of construction and thirteen more have been promised in this county, according to Inspector Olin Graves of Merkel Monday. He stated that there will be at least thirty-five vats in the county. Nolan county has been cleaning up for two years and has only twenty-five vats. Mr. Graves stated that the people are responding beyond all expectations to the duty of building vats and cleaning the county, and he has made a very favorable report to the livestock commission.

Ballinger—Cattle dipping in this county is the order of the day. Twenty-five vats are now in use and the county received a large shipment of poison for preparing the dip which was recently ordered, and this is being furnished free to stockmen. The officers report that the law is being complied with by all those who have tick infested cattle. Dr. Warner of the sanitary livestock commission is here conducting the work.

Beeville Picayune: W. J. Staton, well known cattleman of this city, has received orders for two carloads of Hereford bulls, one from a party in California and the other from a ranchman in Idaho. And thus the fame of Bee county cattle is spreading. The animals will be shipped next week.

Quero—The wolf or scarp bounty which has been the only hope of the farmers raising sheep, turkeys and goats seems to be of little or no benefit. Farmers who have land holdings and adjoining pastures of large tracts find such bounties breeding pieces for the wolf and their stock of turkeys, sheep and goats prove easy prey. When hunting them out the farmer is forbidden to enter the pastures of the stockman and the wolf has full sway, and he fattens accordingly, making it almost impossible for the smaller property owner to raise his small stock.

The next legislature will probably find a committee of farmers suffering in this manner asking for a bill for their protection.

San Angelo Standard: Robert Bailey, capitalist, formerly a resident of San Angelo, but who now resides at Fort Worth, closed a deal Wednesday afternoon by the terms of which he disposed of his Sterling county ranch, consisting of 4480 acres, to a man named Gardner, of Snyder, the consideration being \$5.75 per acre, representing \$25,750.

Use Zemo for Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 25c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of pimples, black heads, rash, eczema, tetter and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, zemo is an exceptional remedy. It is not greasy, sticky, or watery and it does not stain. When others fail it is the one dependable treatment for all skin troubles.

Texas Topics

Austin American: Joe Patrone, who is an epicure and a trained caterer, who knows what is good to eat, offers a suggestion that we know is valuable. Says Mr. Patrone: "All of the living streams in the limestone formation of Travis county produce a most excellent and healthful salad known as water cress. It is not only very palatable, but has excellent medicinal qualities and eaten in the spring, is a great restorative of the disorders that follow using a spring diet after the winter months. It is obtained in large quantities, but as we have no market, as New Orleans or Houston, it can only be brought and sold every day, very few of our citizens have an opportunity to get it unless they go out into the country and take it from the streams. I believe if we had a municipal market here not only this native vegetable, but a number of others, could be sold in large quantities giving a living to those who would produce them, and saving many dollars that our people cannot now procure." And Joe is right about it.

Abilene Reporter: A small bug that seems to be a cross between a beetle and a red ant is believed to have destroyed maize seed planted by a farmer in the vicinity of Abilene. Whether it is this bug, the cold ground or bad seed that is responsible, Farm Agent Miner is now trying to determine. One farmer lost several acres of planted maize seed and when investigation was made these bugs by the million were found in the ground, apparently engaged in eating the embryos. Four different species were found, one an ordinary black beetle of diminutive size and the other three ranging on down to a very small and sullen bug, which is responsible for the damage has six legs and extra long antennae with a brownish body somewhat resembling an ant. Just as an experimenter was about to drop maize seed in a solution of coal tar and water before replanting the damaged area. In other states this method has been effective in repelling the insects not in poisoning them. The tar has to be diluted so that the seed when dipped in the solution will be coated with a slight coating of light brown. "This was merely an experiment, of course, and we won't know the results for some time yet," the agent said. "Whether the damage was caused by the insects, cold ground or poor seed is yet to be determined. It shows the value of testing seed before planting."

Richmond dispatch: Stepping into a deep hole during baptismal services in the Brazos river below Crabwell, the negro preacher and one candidate were drowned and three other candidates were rescued by the quick thinking and prompt action of a Mexican spectator. As the preacher, who was from Houston, waded into the river, leading the four candidates for baptism, he stepped into a deep hole and being unable to swim, clung to the candidate nearest him, although this negro was able to swim, he was dragged down by the struggling preacher and both were drowned. The crowd was so surprised that no effort was made at first to render aid to the other three candidates left in the water, but suddenly a Mexican spectator rushed in and swam to the distressed persons, assisting in bringing them to safety. The bodies of the two drowned men have not been recovered.

Whitney Messenger: The canine population of Itasca has been reduced considerably during the last week by City Marshal Martin, says The Item. One mad dog that bit a little colored girl has been killed, its head sent to Austin and declared affected with hydrophobia. The girl was carried to the hospital and a madstone applied to the wound, which stuck for some time.

Mart Herald: In the District Inter-Scholastic league contests held at Waco Friday, April 21, Ellis Durham of Mart won in the junior boys' declamation contest, and will represent the district at Austin at the honors in the McLennan county contest, and stands a good chance to become the state champion junior declaimer.

Austin dispatch: Scores of happy children romped on the green slopes of the capital grounds, just southwest of the building, Monday afternoon, in response to the invitation of Mrs. Ferguson, one of the merriest scenes that Austin eyes have looked upon for a long time—frolicking kids in white frocks rolling Easter eggs down the slopes and along the stream again with their baskets, kiddies themselves rolling down the slopes in much glee, and then hastening to tell their mamma how funny it was. For a mad many of the mamma's were there, and many other persons, walking or in automobiles, stopped to gaze at the children. Strictly music was furnished.

**A TRAINED NURSE

**Of Enthusiasts Who Are
Daily Endorsing the New
Remedy, Plant Juice.**

One of the most recent interesting statements made regarding that much discussed remedy, Plant Juice, now being introduced here, is that of Mrs. Lena Zwald, of No. 602 East 124th Street, Cleveland, Ohio, a well known professional nurse of that city, who stated:

"Plant Juice is the medicine of the age. I suffered for years with severe sick headaches caused from stomach trouble. The very slightest touch of cold would bring on one of these headaches and I had to carry sedative powders around with me all the time, to take. I had tried different preparations recommended to me by professional friends, but nothing seemed to help me. I heard of Plant Juice and began to take it. I know a great deal about medicine and can say that I found Plant Juice the best remedy for the stomach, liver and bowel trouble. I have gained in weight, have no more headaches and it has cured me of restlessness and nervousness. I now sleep well and have no more trouble whatever. I have recommended your medicine to a great many of my friends and I feel it in the highest terms. There are numerous symptoms of this trouble that Plant Juice can relieve. In fact, any of the following may denote affection of the stomach: indigestion, dyspepsia, belching or flatulence, bad breath, sick, throbbing headache, poor circulation, night sweats, that tired feeling, costiveness, coated tongue or a poor appetite. Plant Juice is sold in Waco at Morrison's Old Corner Drug Store."

Comanche Chief: Sid Anderson, president of the Comanche County Baby Beef club, has addressed the following letter to the Democrat-Voice: "We want 250 boys to join the baby beef club in Coleman county—not only join but feed a 111 calves for the show ring and market."

by the Blind Institute band. Two coolers of ice water had been provided by Captain Owens, who was himself a delighted spectator. Many of the children and their mothers expressed the hope that the custom so happily revived by Mrs. Ferguson may be observed annually from now on.

Valley Mills Tribune: A certain young man was 21, though old and tragically wise at 17. The other day she presented him with twins, and the doctor who was present upon the occasion said on his departure that he hoped all four of the children would get along well.

San Angelo.—Sales aggregating 400,000 pounds of mohair were consummated here today. Prices paid were between 33c and 35c. Buyers were J. H. Cauthen and C. D. Stokes of Lampasas for Eastern factories.

El Paso Times: George Scarborough, author of "The Lure" and "At Bay," announced yesterday that he will write a musical comedy after his return to New York City the last of this week, based upon the Mexican situation. Scarborough came to El Paso three weeks ago to gather material for a drama. After his first visit to Juarez, he said that he saw nothing but the only written in the faces of the Mexicans, and that he was debating the advisability of writing a tragedy, which, he said, would have foredoomed to failure on the American stage. "Since I have been on the border," said Scarborough yesterday, "I have been struck by the many absurdities of the Mexican situation that crop out from among the serious things. In view of the tenseness of the Mexican situation, a comedy or farce based on the happenings of the last few weeks would not have taken with the public. In a musical comedy, though, the absurd and laughable features of the Mexican trouble may be portrayed in a way that will offend no one." A Mexican composer will complete the musical score of the production, says Scarborough. The musical comedy will be completed, words and music, by June 1, he said. This will be the first musical comedy Scarborough has attempted.

W. D. Yett, formerly a resident of Marble Falls and now a citizen of Austin, is a candidate for the state senate from that district. Mr. Yett is a member of the Twenty-fifth, Twenty-sixth and Twenty-seventh legislatures. "I have now made up my mind to make the race," said Mr. Yett. "I told Walter Caldwell he was too longshore runner without opposition and that he might get ready to make a canvass over the district as I am going to do." This district is composed of Travis, Williamson, Burnet and Lampasas counties.

Bay City.—The rice acreage for this Matagorda county this year is estimated at 48,000 acres. Of this acreage the Collegeport and Texas Rice and Irrigation company has 11,000 acres, the Markham Irrigation company the Northern Irrigation company 4,000, Wilson on Blue creek 500, Farmers' Co-operative Canal company 1,800, Lane City 3,000, Matagorda canal 2,500, the Colorado Land company 4,500, the Gravity Canal company 5,000, Peyton creek 2,500, miscellaneous 1,000. Quite a lot of this acreage in the absence of rain has been flooded to bring the rice up to a stand. Quite a lot of it is said to be the greener portion "old" land, that is land that has been farmed to rice prior to this year.

Smithville.—S. W. Gunter, a prominent farmer and cattleman of Rosanky, has announced as a candidate for the legislature from this (Bastrop) county, which composes the Nineteenth legislative district. Mr. Gunter has been quite active in the different campaigns for good roads in this district and was a member of the citizens' committee of five to supervise the spending of \$100,000 for good roads and a \$50,000 issue for a bridge across the Colorado river at this place.

San Jose, a restaurant owner of Port Worth, started to place a \$1,100 diamond in his safe recently, but it dropped it on the tile floor. It shattered into small crystals. It is said there are few instances on record of genuine diamonds being broken in such manner.

Houston Chronicle: Tarpon, the first of the year, were sighted yesterday by Morgan Bay fishermen. The fish was turned last night from the bay. Salt water fishermen have been on tip-toe for the first tarpon for some time. The man who gets the first tarpon is expected that there will be action very soon. "Silver Kings" have appeared at lower prices along the coast. Two were caught at Aransas Pass last Saturday.

Corpus Christi dispatch: A touch of the front, started yesterday to fifty years ago when the chief industry of Southwest Texas and the Gulf coast country contiguous to Corpus Christi was cattle raising. It is seen here elsewhere in the portion of the state now daily in the many carloads of hides that are being transported to the Northern markets. But tallow is not included in the shipments now. For a reason the hides that furnish the tallow are perishing by scores every day from sheer starvation. The drought in this section of Texas is the worst in its history. The negroes are starving, the vegetation is shriveling away beneath the piercing rays of the sun. Ranchmen, finding themselves unable to raise funds to purchase feed for their cattle, are forced to let them die.

Austin—Six sample traveling libraries have been prepared by the Texas Library and Historical commission to be sent to six district meetings of the Federated clubs, to be held in the various cities of the state during May. The purpose of these libraries is to interest the clubs in the question of circulating libraries. These "sample libraries" consist of various kinds of literature, approximately one-third juvenile and one-third non-fiction. The volumes were taken from the state library commission especially for this purpose.

Austin.—The \$10 gold prize offered by the Colonial Dames of Texas for the best high school essay upon a historical subject dealing with colonial Americana has been awarded to Miss Margaret Greathouse, a member of the senior class of the Austin high school. Twelve papers were submitted. Miss Greathouse's subject was "Frontier Life, and Its Effects on Our Institutions."

Collegeport.—Not more than 25 per cent of the ground is planted at this date. The dry weather has prevented, but now that the canals are full, many farmers are preparing to plant and water the ground for germination. Very little cotton will be planted, but instead, a large acreage will be used for feedstuffs.

Orange.—The records of the Orange board of trade on the Sabine river tonnage for the months of January, February and March of this year show a total of 15,505 feet in lumber and logs handled through the stream. Of

THE GOLDSTEIN-MIGEL CO.

"WACO'S GREATEST DEPARTMENT STORE"

This amount, 10,870,360 feet of lumber has been manufactured at Orange and went out on foreign and coastwise ships. Twenty-six deep draft vessels carried out 10,870,360 feet of lumber, carried proximate value of four-legged car months is \$200,000. An estimate considered very conservative places the amount paid to longshoremen handling these twenty-six ships at \$21,000. Information at hand now indicates that the figures on tonnage handled the first three months of the year will be exceeded during the month of April, and the prospects for loading a number of large steamers in this port during the next few months are very flattering.

Devine News: Alfred Williams arrived in Devine Monday from Port Arthur, on a visit to his father, and brought with him a young alligator, three feet long, captured on a street of Port Arthur. It was presented to W. E. Ellis and will be kept in the Lion Drug Store park.

Clarksville News: R. E. Hutchinson of Peters Prairie brought a freak chick to the News office Saturday. It is a Rhode Island Red and was hatched last Monday, living but four days. It was one of a set of eleven eggs, all of which hatched out in perfect condition except this particular chick, which has four legs. Two normal legs are appropriately placed, but between the two more legs. One of these legs contains four well developed toes, but the other, though containing the proper

number, is shrunken to half size. F. M. Giddens of Whitefork saw the chick in our office and told us of a four-legged chick, a little girl, former neighbor of his, possessed. Miss Etta Porrett, formerly of Whitefork, but now chick at Idaho, owned a four-legged chick which was hatched out last spring and was still living when the family moved away. It was then of frying size.

Georgetown Commercial: W. R. McElroy, a stalk of corn at the Commercial office Wednesday in full tassel and two small ears of corn in it. Mr. McElroy stated the corn was planted on February 22 and was of the sweet roasting ear variety.

Wharton.—E. W. Cole of the department of agriculture arrived here in company with Ag. Agricultural Demonstration Agent Bagwell, and after visiting the entire potato section this week gave it as his opinion that the damage done to the crop by the frost of April 8 and 9 would not be less than 50 per cent. This bears out the statement of G. H. Northington and others. A. A. Mullins also places the loss at this figure. Mr. Mullins has a crop of potatoes in the Houston market last week which brought 2¢ a bushel. Mr. Mullins dug about fifty acres and the loss was only about forty bushels to the acre, whereas the same land last year produced from 100 to 140 bushels to the acre. Some lands are only producing from seven to eight bushels to the acre, while other lands already have been turned under for planting in other crops. Mr. Weil of Crockett & Weil, of Alexandria, La., who had a big acreage in potatoes in this section, said this week that the week's frost had played up their fields as the crop was a total failure.

Brownsville Sentinel: According to figures furnished by Antonio Tamayo, who has completed the scholastic census for the Brownsville independent school district, notable gains have been made over last year. The census of the school districts of the county show a proportionate loss. The Brownsville district gained 915 over 1915, 6,570 for 1916. The figures for the eighteen counties of the county show a total gain of 4,507 for 1915, 5,817 for 1916. This shows a loss of 690.

Mercedes.—Lightning played pranks today on R. R. Barton, a farmer residing near this city. Mr. Barton was near the rear of his house during the rain and thunderstorm about 7 o'clock this morning feeding his calf, when the shock of a stroke of lightning not only knocked him and the calf down, but also knocked down four mules standing in the lot. Neither Mr. Barton nor any of the mules nor the calf were injured the slightest.

McKinney Courier-Gazette: The first new alfalfa hay for this season was marketed in McKinney Saturday. Ed Hauge, whose big farm is in the Holland community. The new hay was of a splendid grade and was sold out to feeders in few-bale lots. Mr. Hauge has quite a large acreage planted to alfalfa.

Spinach Crop a Sure One, Says Etchison

The growing of spinach in the region around Waco has in the past few years been tried with much success by a few parties, and while the area planted is as yet comparatively small, it is believed this crop is going to become increasingly profitable and expansive.

It is stated by Bob Etchison, who has probably had more experience with spinach than any other man in this section, that the crop is a practical and a profitable one, and he has had twenty years' experience in this line. Mr. Etchison thinks that the crop is a sure one, taking it year by year, and that it is entirely profitable to make the land yield a hundred dollars an acre an average year, and that with only about four months' use of the soil. There is a good market, already, he states, which is important. The spinach grows best on sandy or semi-sandy soils, but does very well even in the blacker lands, he states.

Mr. Etchison would be glad to give any person interested the benefit of his experience, and thus add interest to the cultivation here of spinach.

Scarborough came to El Paso three weeks ago to gather material for a drama. After his first visit to Juarez, he said that he saw nothing but tragedy, and that he was debating the advisability of writing a tragedy, which, he said, would have foredoomed to failure on the American stage. Since I have been on the border," said Scarborough yesterday, "I have been struck by the many absurdities of the Mexican situation that crop out from among the serious things. In view of the tenacious of the Mexican situation, a comedy or farce based on the happenings of the last few weeks would not have taken with the public. In a musical comedy, though, the absurd and laughable features of the Mexican situation will be brought out in a way that will offend no one." A Mexican composer will complete the musical end of the production, says Scarborough. The musical comedy will be written in Spanish and will be the first musical comedy Scarborough has attempted.

W. D. Yett, formerly a resident of Marble Falls, is a candidate for the state senate from that district. Mr. Yett was a member of the Twenty-fifth, Twenty-sixth and Twenty-seventh legislatures. "I have now made up my mind to make the race," said Mr. Yett. "I told Walter Caldwell he was too lonesome running without opposition and that he might get ready to make a canvass over the district as I am going to do." This district is composed of Travis, Williamson, Burnet and Lampasas counties.

Bay City.—The rice acreage for this, Matagorda county this year is estimated at about 48,000 acres. Of this acreage the College and Texas Rice and Irrigation company has 11,000 acres, the Markham Irrigation company 9,000, the Northern canal 5,000, the Northern Irrigation company 4,000, Wilson on Blue creek 500, Farmers' Co-operative Canal company 1,500, Lane City 3,000, Matagorda canal 2,500, Colorado land company 4,500, the Gravity Canal company 5,000, Peyton creek 2,500, miscellaneous 1,000. Quite a lot of this acreage in the absence of rain has been flooded to such an extent up to a point that a lot of it is sod, but the greater portion "old" land, that is land that has been farmed to rice prior to this year.

Smithville.—S. W. Gunter, a prominent farmer and cattleman of Rosanky, has announced as a candidate for the legislature from this (Bastrop) county, which composes the Nineteenth legislative district. Mr. Gunter has been quite active in the different campaigns for good roads in this district and was a member of the citizens' committee of five to supervise the spending of \$100,000 for good roads and a \$50,000 issue for a bridge across the Colorado river at this place.

Sam Joseph, a restaurant owner of Port Worth, started to place a \$1,000 diamond in his safe recently, but dropped it on the tile floor. It shattered into small crystals. It is said there are few instances on record of genuine diamonds being broken in such manner.

Houston Chronicle: Tarpon, the first of the year, were sighted yesterday off Morgan Point, according to fishermen who returned from the bay. The water fishermen have been on tip-toe for the first tarpon for some time. The man who gets the first tarpon of the season is something of an outstanding hero in the community, so it is expected that there will be action very soon. "Silver Kings" have appeared at lower points along the coast. One was caught at Aransas Pass last Saturday.

Corpus Christi dispatch: A touch of the frontier life of twenty-five to fifty years ago when the chief industry of Southwest Texas was the Gulf coast country contiguous to Corpus Christi cattle raising, is seen here and elsewhere in this portion of the state now daily in the many carloads of hides that are being transported to the North. But tallow is not in the shipments now, for the reason that the cattle that furnish the hides are perishing by scores every day from sheer starvation. The drought in this section of Texas is the worst in its history. The absence of rain has caused all vegetation to shrivel away beneath the piercing rays of the sun. Ranchmen, finding themselves unable to raise funds to purchase feed for their cattle, are forced to let them die.

Austin.—Six sample traveling libraries have been prepared by the Texas Library and Historical commission to be distributed to district meetings of the Federated clubs, to be held in the various cities of the state during May. The purpose of these libraries is to interest the clubs in the question of circulating libraries. These "sample libraries" consist of various kinds of literature, approximately one-third juvenile and one-third non-fiction. The volumes were taken from the state library commission especially for this purpose.

Austin.—The \$10 gold prize offered by the Colonial Dames of Texas for the best high school essay on a historical subject dealing with colonial Americans has been awarded to Miss Marguerite Greathouse, a member of the senior class of the Austin high school. Second honors went to Eric Miller. Twelve papers were submitted. Miss Greathouse's subject was "Frontier Life, and Its Effects on Our Institutions."

Collegeport.—Not more than 25 per cent of the ground is planted at this date. The dry weather has prevented, but now that the canals are full, many farmers are preparing to plant. Water the ground and the ground will be planted, but instead, a large acreage will be used for feedstuffs.

Orange.—The records of the Orange board of the records of the Orange board for the months of January, February and March of this year show a total of 15,595,057 feet of lumber and logs handled through the stream. Of

this amount 10,870,350 feet of lumber was manufactured at Orange and went out on foreign and coastwise vessels. Twenty-six deep draft vessels carried out 10,870,350 feet of lumber. An approximate value of the lumber carried away from Orange during these three months is \$290,000. An estimate considered very conservative places the amount paid to longshoremen handling these twenty-six ships at \$21,000. Information at hand now indicates that the first three months of the year will be exceeded during the months of April, May and June. The prospect for loading a large number of steamers in this port during the next few months is very flattering.

Devine News: Alfred Williams arrived in Devine Monday from Port Arthur on a visit to his father, and brought with him a young alligator, three feet long, captured on a street of Port Arthur. It was presented to W. E. Ellis and will be kept in the Lion Drug Store park.

Clarksville News: R. E. Hutchinson of Peters Prairie brought a freak chicken to the News office Saturday. It is a Rhode Island Red and was hatched last Monday, living but four days. It was one of a setting of eleven eggs, all of which hatched out in perfect condition except this particular chick, which has four legs. Two normal legs are appropriately placed, but between the two is a thigh from which extends two more legs. One of these legs contains four well developed toes, but the other, though containing the proper

number, is shrunken to half size. F. M. Madden of Whitetuck saw the chick in our office and told us of a four-legged chick a little girl, former neighbor of his, possessed. Miss Edith Porreus, formerly of Whitetuck, but now living at Idabel, owned a four-legged chick, which was hatched out last spring and which was still living when the family moved away. It was then of frying size.

Georgetown Commercial: W. R. McElroy exhibited a stalk of corn at the Commercial office Wednesday in full tassels and two small ears of corn on it. Mr. McElroy stated the corn was planted on February 22, and was of the sweet roasting ear variety.

Wharton.—E. W. Cole of the department of agriculture arrived here in company with Agricultural Demonstration Agent Baswell, and after visiting the entire potato section this week says it is his opinion that the damage done to the crop by the frost of April 8 and 9 would not be less than 75 per cent. This bears out the statement of G. H. Northington and others, who figure Mr. Mullins shipped a car of potatoes to the Houston market last year produced from 100 to 140 bushels to the acre. Some lands are already planted to the crop, while other lands have been turned under for planting in other crops. Mr. Weil of Crockett & Weil, of Alexandria, La., who had a big acreage in potatoes in this section, said this week that several growers to whom they had furnished seed had plowed up their fields as the crop was a total failure.

Brownsville Sentinel: According to figures furnished by Antonio Tamaya, who has completed the scholastic census for the Brownsville independent school district, notable gains have been made in the common school districts of the county show almost a proportionate loss. The Brownsville district gained 915 over last year. The figures are: 5,655 for 1915, 6,570 for 1916. The figures for the eight common school districts of the county are: 6,507 for 1915, 5,817 for 1916. This shows a loss of 690.

Mercedes.—Lightning played pranks today on R. R. Barton, a farmer residing near this city. Mr. Barton was near the rear of his house during the rain and thunderstorm about 7 o'clock this morning feeding his calf when the shock of a stroke of lightning not only knocked him and the calf down, but also knocked down four miles standing in the lot. Neither Mr. Barton nor any of the miles nor the calf were injured the slightest.

McKinney Courier-Gazette: The first new alfalfa hay for this season was marketed in McKinney Saturday by Ed Burke, whose big farm is in the Roland community. The new hay was of a splendid grade and was sold out to feeders in few-bale lots. Mr. Burke has quite a large acreage planted to alfalfa.

Spinach Crop a Sure One, Says Etchison

The growing of spinach in the region around Waco has in the past few years been tried with much success by a few parties, and while the area planted is as yet comparatively small, it is believed this crop is going to become increasingly profitable and expansive.

It is stated by Bob Etchison, who has probably had more experience with spinach than any other man in this section, that the crop is a practical and a profitable one, and he has had twenty years' experience in this line. Mr. Etchison thinks that the crop is a sure one, taking it year by year, and that it is entirely possible to make the land yield a hundred dollars an acre an average year, and that with only about four months' use of the soil. There is a good market, already, he states, which is important. The spinach grows best on sandy or semi-sandy soils, but does very well even in the blacker lands, he states.

Mr. Etchison would be glad to give any person interested the benefit of his experience, and thus add interest to the cultivation here of spinach.

DON'T SUFFER WITH NEURALGIA

Musterole Gives Delicious Comfort

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little MUSTEROLE on the temples and neck. It draws out the inflammation, soothes away the pain—gives quick relief.

MUSTEROLE is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Doctors and nurses frankly recommend MUSTEROLE for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frost Bites, etc.

At your druggist's in 25c and 50c jars, and a special large hospital size for \$2.50.

Be sure to get the genuine MUSTEROLE. Refuse imitations—get what you are for. The Musterole Company, Cleveland, Ohio.

WEEDS CUT DOWN PASTURE YIELDS

(By C. M. Evans, Animal Industry Division, Extension Service, Agricultural and Mechanical College of Texas.)

In the ordinary pasture which is set to the seed of best adapted grasses there are two things that can be done to increase the quality and quantity of pasture product. One is to remove all surplus shade, and the other is to prevent the waste of moisture. Both can be accomplished by cutting the underbrush and mowing the weeds.

Weeds more than anything else cut down the yield of Texas pastures; first, because they shade the land, and second, because they draw out the moisture needed by the grass.

Where pastures are sufficiently well fenced, both the weeds and underbrush may be cleared out and turned into profit, if a few sheep and goats are kept in the pasture. Where a pasture is overstocked with sheep, they will damage the grass because they eat it off so closely, but where only a few sheep are kept, they increase the production of grass by cleaning out the weeds. Where sheep are not used, and the lay of the land will permit, the weeds should be mowed two or three times every summer. This will increase the production of grass very largely.

Pastures will produce more than twice as much feed if they are allowed to grow up rather than kept pastured closely. This is due to the fact that more growth can be made where a sufficient number of blades are left on the grass for use in converting the fertility elements into growth.

COMING EVENTS.

Austin—Fruit and truck growers of Northeast Texas have been called to meet at Mount Pleasant, May 12 and 13, for the purpose of organizing the Northeast Texas Fruit and Truck Growers' association. The call follows:

In order to organize a strong and compact association for marketing the fruit and truck crops of Northeast Texas, we hereby call a delegated meeting in all fruit and truck growers of Northeast Texas to assemble at Mount Pleasant, Texas, Friday and Saturday, May 12 and 13, to discuss the better marketing plans, and to organize such a marketing association as will eliminate competition among the growers, reduce the cost of marketing, secure a better system of packing and grading, and insure better prices to the growers.

The railroads have been requested to make reduced rates for this meeting, and some of the most successful marketing agents in the state will be present to give us the best plans for marketing.

Respectfully, FRED W. DAVIS, Commissioner of Agriculture, George B. Terrell, E. W. Cole, Bureau of Markets.

In a letter to examiners, dated Waco, May 1, Dr. John L. Davis, medical director of the American Life Insurance company, says: "Texas examiners, remember your great state association meeting—3,574 members—Galveston, May 9, 10 and 11, an annual inspiration for medical men. The state is an active section of medical life insurance work of special interest to examiners. Furthermore, Dr. Brumby is working hard on his address, 'Breath of Promise.' I, too, have been invited to talk a little on 'Medical Selection for Life Insurance, General Suggestions.' We want very much to meet with you all."

Dallas News: F. B. Comstock, critic of the Dallas High School congress, has received a letter from Superintendent S. M. N. Marrs of Terrell asking him to take four Dallas debaters to Terrell for an exhibition debate at the high school on May 16. Mr. Comstock has accepted, and the debaters who will make the trip

DAILY SHORT STORY.

GRANDDAD'S NURSE.

By LOUISE OLIVER.

(Copyright, 1915, by the McClure Newspaper Syndicate.)

It was Sunday morning and out in the lawn swing under the pink and white blossoms covered trees, Mr. Calvin Wickham and his grandson were reading the morning papers.

The wide lawn stretched over to a low iron fence, and there began another wide spreading lawn and then a house. On the porch of this house, a woman in white appeared, and with head thrown back to take in the fresh morning air, she started to promenade the gravel walk. Up and down she went, until Mr. Wickham looked up with irritation.

"Look at that trained nurse over at Patterson's! Why can't she sit down and be quiet?"

The younger man, also keenly alive to the presence next door, but with different emotions, looked up casually. "Who? Oh, Miss Taylor! Why! I suppose she's out for exercise. She's kept shut up pretty close, I suppose. Nice looking girl."

"Nice looking! Perfect doll baby! I've no time for your so-called professional nurses, always dolled up in white caps and white dresses and aprons and things. They only a pose. How could any girl do any real work in a get-up like that?"

"They do it just the same," declared Frank stoutly.

"They pick out the part they want to do all right, take temperatures, dab 'em with alcohol out of a bottle and keep a chart while the family hustles to do the other things. Whenever I see the old-fashioned kind, with her sleeves rolled up, down in the kitchen cooking soups and things to make 'em well, I say to myself, 'Now, there's a nurse!'"

Frank laughed. "But you don't understand, granddad. If you want a cook you hire one, and if you want a parlor maid you hire one. Why, when people engage nurses, do they expect them not only to take care of the sick, but to cover the whole category of household help besides? The Pattersons are devoted to Laura Taylor."

"Do you know her name, do you? Seems to me you're getting pretty well

acquainted. And just then the nurse came to the point of the path nearest the lawn, and nodded brightly to her acquaintance in the swing.

"I met her the other night when the family had her out for a ride in the car," explained Frank. "They had a blow-out, so I stopped and helped. I heard her call her Laura. I think she's a relative."

The older man looked after the retreating figure critically. "She looks too much dressed up to be able to do the work of a nurse. Besides, she's too darned pretty for a nurse. I'll bet her looking-glass works overtime."

Not deeming this remark worthy of reply, Frank was silent. Later, when two men went indoors to get ready for church.

Coming home, Frank found himself walking with Muriel Patterson. Laura is leaving tonight," she said in her gay little chatterbox manner. "Mamma's just about as well as ever. I thought maybe you could come over to tea. We'd love to have you, and I'll give you one or two others."

Frank accepted the invitation with the alacrity although there was regret in his tone as he remarked: "Miss Taylor going? That's too bad! You will miss her, I know!"

"Miss her! I guess we will, and really she saved mamma's life. She's a wonder and the dearest thing in the world."

That night, under the soft light of the candles, Frank thought that Laura Taylor, unofficially clad in a dress of sheer pale pink, looked like an angel on the wrong side of heaven. He couldn't take his eyes off her, and after tea, when the others repaired to the library to hear something new of Homer's on the Victrola, he whispered a request which she hesitatingly granted, a walk with him to the garden.

He went around her shoulders, and under a young moon they wandered, talking of a little nothing that came into their heads.

A light was burning in the Wickham house.

"You're granddad hasn't gone to bed yet," remarked Frank. "That's unusual. Sunday night he usually retires with the chickens." He could not help wondering what the old man would say if he knew that his grandson was wandering in the moonlight with the dearest girl in the neighborhood.

"Do you know her name, do you? Seems to me you're getting pretty well

acquainted. And just then the nurse came to the point of the path nearest the lawn, and nodded brightly to her acquaintance in the swing.

"I met her the other night when the family had her out for a ride in the car," explained Frank. "They had a blow-out, so I stopped and helped. I heard her call her Laura. I think she's a relative."

are Gordon Lockwood and George Wilson of the congress, the winners in the district contest at Greenville, and Henry Jacoby and Garland Day of the forestry.

Dallas News: Four state conventions will be held in Dallas between the dates May 8 and 11. The Chamber of Commerce and Manufacturers' association is scheduled to show their convention to be dated as follows: Knights of Pythias, May 8, 9, 10 and 11; Elks, reunion, May 8, 9 and 10; Texas State Dentists, May 9, 10 and 11; Texas Jewelers, May 10 and 11.

The Texas Woman Suffrage association will hold its sixth annual convention in Dallas, May 10 to 12. It is expected the attendance will be more than three times that at the last convention. The customary one and one-eighth rate is offered by the railroads. The Texas Woman Suffrage association is the creation of its affiliated organizations. It has no efficiency of influence but depends for its success upon the support and co-operation of organizations belonging to it.

Suffragettes from all parts of the state, from El Paso to Texarkana and from the Red River to the Rio Grande, are being urged to help prepare plans for the coming year's work. The call for the convention is issued by Miss M. Eleanor Brackenridge, president; Miss M. Hunter, secretary; Miss Kate Keady, Mrs. Anna E. Walker, Mrs. John Davis, Mrs. G. Scott Shannon, Mrs. Elizabeth Herndon Potter, Mrs. Elizabeth Strubling Maury, Mrs. O. P. Ostro and Miss Martin B. Fawcett.

Rosebud Enterprise: Pleasant Grove School and country club will have their contest on the school grounds on Saturday, May 13. The prize will be judged by two men from A. & M. who will address the public on lines of agriculture and stock raising. The committee is also trying to secure several of our congressional candidates to be on hand and deliver addresses also, will insure all a good time. There will be speaking on the grounds and during all day. Everybody invited to come and bring a well-filled basket, as we expect some crowd.

A. S. BUTTS, R. Q. EVANS, J. M. EVANS, Committee.

San Benito—Problems of the citrus industry in the lower Rio Grande valley will be discussed when growers of grapefruit and other citrus fruits will gather at Harlingen on the 14th of May for an educational session. Speaking of the importance of this meeting, H. T. Libby, inspector of citrus orchards in Cameron and Wilcox counties, said today: "The annual conference of growers which will be held at Harlingen May 14 promises to be one of great importance to every one who is engaged in this industry in the Rio Grande valley. This is a meeting which ought to be held annually, as there are many subjects connected with the successful growing of citrus fruit which will be up for discussion, and no one who is interested in that industry ought to miss the opportunity to get in touch with the men who have been invited to take part on the program."

Mexia News: The commander of Joe Johnston camp No. 34 hereby informs all who may be concerned about the annual conference of the Parent-Teacher association, which will take place at the reunion grounds on Friday, May 15, 1916. Everybody—old and young, rich and poor, male and female—is cordially invited to come and enjoy a day to the best advantage.

WILLIAM JUSTICE, Commander, Official—H. W. WILLIAMS, Adj.

Mrs. S. M. N. Marrs of Terrell, Texas, president of the second district of the Texas Congress of Mothers, will convene in Hillsboro May 9 and 10. A very splendid program on subjects of interest to parents, to teachers and to all who are interested in child welfare problems and social betterment. The second district is composed of the following counties: Grayson, Fannin, Collin, Dallas, Kaufman, Ellis, Johnson, Hill and Hunt. Every child in the

district is urged to send at least one delegate and his president, for it is through the district meeting that greater inspiration comes to the local clubs and they are drawn thereby closer to district and state organization and given a more intelligent understanding of the help and service of each."

Comanche Chief: At a meeting of the executive committee of the Old Settlers' reunion held at the First National bank Tuesday, there were present some twenty-five business men of the city. It was decided to hold the next meeting July 12, 13, 14, and 15, at the Country Club hotel. Members of the executive committee claim that the next meeting of the old settlers will be the biggest one of any they have ever had.

Officers of the Texas Cottonseed Crushers' association are expecting a record breaking attendance at the twenty-second annual convention of the association at San Antonio, May 29, 30 and 31.

Practical Garden Bulletin Is Free

Special to the Morning News.

Austin, Texas, April 30.—A few paragraphs from "A Garden Bulletin, 1916," issued by the Texas Industrial Congress, indicate the scope of the work. "Size of the Garden," "Tools for Gardening," "Selecting a Plot," "Best Type of Soil," "Manures and Manuring," "Commercial Fertilizers," "Preparing the Soil," "What to Plant," "Buying and Testing Seed," etc.

The work comprises sixteen pages and is a revision by N. E. Fitzgerald of the school of agricultural education of the University of Texas, of the 1915 bulletin of the same name by Prof. W. S. Taylor and C. H. Winkler.

It is designed in the first place to encourage people, especially boys and girls, in planting small gardens, showing the immense possibilities of such enterprises, and secondly, to give detailed information as to just how such gardens may be made most profitable.

Specific cultural directions are given for twenty-seven different vegetables. A copy of this valuable little work may be obtained free of charge by addressing the Texas Industrial Congress, Dallas, Texas.

lin of Dallas, representing the combined force of the great manufacturing companies of the country. The new campaign will be along lines directly opposite to those formerly followed, it being the aim to get the farmers interested in good roads first instead of the cities to take the lead. The speakers presented every argument known for good roads and in conclusion asked the aid of the Automobile club in pushing the campaign.

Mr. Taylor described one of the speaking dates he will assume regularly in the outlying districts over the state. He said he arranged a debate between four farmers, two hours to the eight and ten-mile casing, emerging in bubbles at the top. While this show of gas is not appreciably stronger than the first showing in the first test, it is several hundred feet nearer the surface.

Abilene Reporter: At a depth of 1200 feet the drill in the oil test south of town entered a stratum of sand which produced a show of water and gas. The gas was so strong that it forced the water up over the casing, and the casing, emerging in bubbles at the top. While this show of gas is not appreciably stronger than the first showing in the first test, it is several hundred feet nearer the surface.

Corpus Christi Caller: Despite the pessimistic talk of a slackening of building operations in Corpus Christi, the April report of the city building inspector will show a splendid increase over April, 1915. Up to last night the value of new construction in the city for which permits have been issued for the first 24 days of April totaled \$23,500 as compared with a total for April 1915 business of \$17,515.

Beaumont Journal: At a special meeting of the county commissioners Wednesday morning contracts were made for the construction of a drawbridge over Mayhaw bayou, and for two culverts; a special road and bridge fund was created with \$5000 of the money derived from the recent bond sale.

Incidental expenses and formal announcement was made that a special meeting of the commissioners will be held Monday for the sole purpose of discussing a plan for the construction of roads with the \$190,000 bond money.

Brenham: A meeting held in Brenham Wednesday morning of the committee appointed at a mass meeting of good roads enthusiasts held two weeks ago, resulted in a sub-committee being appointed to circulate a petition asking the commissioners' court to order an election in justice precinct No. 5, of which the city of Brenham is the center, for the purpose of determining whether or not bonds shall be voted for the purpose of building gravel roads in this precinct.

Ballerger: Plans have been drawn and are now in the hands of contractors for estimates for a new band stand for the city park. The band stand will be modern and built for permanency. The plans also call for lawn seats sufficient to seat 1000 people. The seats will be built of concrete.

Brenham Banner—Press Cuero—The biggest financial transaction in the governmental affairs of DeWitt county was carried out here today, road contracts being let covering bond issues of \$50,000—Cuero to Edgar and Concrete, Hooktown to Concrete, thence to Yoakum, and Hooktown to Yoakum on the lower route. Some thirty or more contractors bid.

The city council of Bartlett has awarded a contract for 27,000 yards of vitrified brick street paving to Levy & Levy, paving contractors, of Temple, and work will start within the next two weeks. Citizens will co-operate in the paving expenses. The entire business district and considerable part of the residence section is to be paved, bonds having been voted some time ago. The population of Bartlett is about 2000.

One hundred and forty thousand dollars bonds for good roads is what Hubbard road district, Hill county, will seek to vote on May 24. The bonds will be ordered by the commissioners' court.

The good roads spirit in Irene county, Hill county, has taken tangible form. The voters are to be worked out and the exact bond issue to be determined, but the present mark is for \$90,000.

Navasota: The corner stone to the new office building was laid last week under the auspices of the city government and the chamber of commerce. The cornerstone bears the name of William G. McAdoo, secretary of the treasury, and James A. Wetmore, acting supervising architect.

Bryan: At a meeting of the board of directors of the Agricultural and Mechanical college at College Station, the contract for the \$40,000 animal husbandry building was let to the McKenzie Construction company of San Antonio. Work on the new building is to begin at once. The two buildings, the 6000 hospital and the 10,000 Davey barn, are in course of construction.

Port Arthur: Fifteen business men met in the office of the Gates estate and organized a country club, with grounds and clubhouse to be located at Port Neches. It is intended to secure 100 members with a stock subscription of \$100 each. The temporary organization is headed by George M. Craig chairman and Leroy G. Stump secretary. The first named is president of the Merchants State bank, the latter is publisher of a daily paper at this point.

Seguin: A broom factory with a daily capacity of six hundred brooms is the latest industry for Guadalupe county and is being erected at McQueeney on the Guadalupe river, three miles west of Seguin. By Louis E. Koepsel and Willie Koehler, both citizens of that community. A considerable quantity of broom corn has been planted from time to time, with excellent results and the factory is a sequel of these experiments. A considerable acreage is planted to that crop here this year.

Galveston News: Contract for the construction of 30,000 college reservation near Goldthwaite has been let by the Gulf, Colorado and Santa Fe, according to information given out yesterday in the office of Chief Engineer Frank Merritt. The reservation is to be completed in three months. It was said its location is five miles north of Goldthwaite and five miles south of Mullen. It will be formed by damming up the waters of Brown creek. The cost of

the project, including the purchase of the land, is approximately \$75,000. The reservoir will be about a mile and a half from the San Fe tracks. An eight-foot cast iron pipe line will bring the water down to a tank, the dimensions of which will be 24x60 feet, at the tracks. The dam is to be of earth and concrete core wall, concrete spillway and concrete spillway relief. A Fe has several large reservoirs in West Texas.

San Antonio Light: The new Katy station to be erected by the San Antonio Bell and Terminal company just south of the city hall will be of mission design and one of the most handsome structures of its kind in the south. Katy engineers were here ten days ago, made surveys of the ground and decided to build it along mission lines.

Beaumont: General Manager M. T. Walker of the Beaumont Gas Light company announces that his company had let a contract with a Cincinnati firm to install additional holders in the local gas plant, which will double its present storage capacity, bringing it up to 100,000 cubic feet.

San Antonio Light: Preliminary plans for a \$200,000 high school building were accepted by the San Antonio school board at a called meeting held Monday. This building, which completed will cost approximately \$300,000, and will have, including cloak rooms, lockers and all smaller details, eighty-five rooms, and will be located on the property at Garden and Bismarck streets, recently purchased by the school board. Plans were also adopted for a fifteen-room ward school to be located at Pine and Lamar streets. The building to cost approximately \$40,000. Construction on this building will probably begin within fifteen days. The board also voted to purchase a piece of property at South Pine and Delaware streets from Hermon Vanderford for a negro school at a price of \$6000.

HOW TO ORGANIZE EGG CIRCLE. (L. G. Sumrall, Demonstration Agent, A. & M. College.)

Several farmers in a community who make poultry and egg production a side line organize into an association and agree as to the time and manner of beginning the production of infertile eggs, each producer pledges himself to guarantee the purity of the eggs sent to local shippers, then the local shipper can guarantee the same to the buyer in the markets. So a better price is secured, and a contract can be made for a uniform price during the whole year. This can be done without the production of infertile eggs, by all members of the association.

Several associations in Texas have been in operation for the past twelve months and the records made have been very gratifying to the members. One association received an average of twenty cents per dozen during the entire year while eggs fell on the local market as low as ten cents per dozen during the summer months. During these months the association received twenty cents per dozen according to contract.

The reason is obvious, infertile eggs will keep more than twice as long as ordinary eggs and hence the producers can guarantee them.

Infertile eggs from infertile eggs was only 2 to 4 per cent, whereas other shippers submitting to the candling method had lost from shipments as high as 50 per cent.

Any farmer who markets eggs can get into this circle no matter if he is not very actively engaged in the poultry business. He can certainly derive a profit from this method and by this co-operation, to justify

Time Is Very Short to Secure Tickets to Philharmonic

With the great Philharmonic Orchestra coming Wednesday, and the strong demand for tickets, leaders of the First Baptist church will bring to this city one of the ablest musical organizations in the world, caution against the least delay in purchasing tickets. Practically all of the reserved seats have been sold, and the one dollar seats are now being rushed on sale. Visitors from towns all over Central Texas will be present for the musical offering and the program of the Philharmonic represents such an array of artists that it will appeal to the entire musical clientele of Waco.

Mrs. Mary Harris Armor Speaks Tonight

Mrs. Mary Harris Armor of Georgia, who will appear tonight at the First Baptist church at 8 o'clock under the auspices of the local W. C. T. U., has a reputation as speaker which is equalled by few women of today. In fact, newspaper notices regarding Mrs. Armor are of a character indicating that she is really right at the very top in this respect. Dr. A. J. Barton, superintendent of the Anti-Slavery League of Texas, is quoted in his praise of the work and the speaking ability of Mrs. Armor, and advises all the temperance people and others interested to hear her. She deals with many phases of social problems as well as delivering a temperance talk, and it is believed that the auditorium of the church will be packed tonight on the occasion of her visit to this city. The W. C. T. U. here is urging a large attendance, and indications point to success in their efforts.

DECORATION EXERCISES ARE HELD AT ROBINSON

MEMBERS OF PAT CLEBURNE CAMP MAKE TRIP IN AUTOMOBILES.

John Strauss is Master of Ceremonies and Principal Address is Made by Judge T. L. McCullough.

A string of autos drawn up in front of the Pat Cleburne camp quarters on Austin street, between Seventh and Eighth streets, yesterday afternoon about 2 o'clock soon found themselves loaded with Confederate veterans and were on their way to Robinson, where decoration day exercises were held, beginning at 2 in the afternoon.

Waco veterans and friends of veterans went to Robinson, and their participation in the exercises at that point proved to be very interesting and inspiring, awakening patriotic memories and stirring thoughts of the days when the heroes of the lost cause were battling mightily for what they thought to be right against the oppressor who also believed in the righteousness of the cause represented by them.

The matter of arranging for cars at Waco for the veterans who wanted to go to Robinson was looked after by Tom M. Hamilton, who for several days prior to Sunday had been giving time to this important matter, and his efforts were rewarded by securing sufficient cars. Those who furnished cars, most of whom were in person to take the veterans, were: Tom M. Hamilton, John C. Walton, John F. Wright, Edgar Witt, W. H. Gohagen, T. O. Glover, W. E. Gaylord.

WACO VETERANS THAT MADE TRIP

The veterans going to Robinson for the decoration day exercises included Commander D. E. Hicks of Pat Cleburne Camp, U. C. V., First Lieut. J. D. Morgan, Quartermaster John Moore, Adjt. Bradford Hancock, Chaplain William Lamborn, Color Sergeant W. L. Stone, George P. Lyons, W. T. Bebler, S. E. Caruthers, E. L. Merrill, William Bishop, Smith Powell, W. S. Rigler, N. F. Norris, W. D. Herlihy, B. Alexander, W. J. Edwards, G. H. B. Coleman, T. B. Cox, Capt. H. C. Lindsey, A. J. Poole, E. M. Smith, P. M. Gardner, W. G. Polk, Mr. Lobo, J. T. Rogers. With the party were Mrs. Ben Garfield, Mrs. Smith Powell, Mrs. Edgar Witt and other ladies.

After reaching Robinson the veterans formed in military line and marched to the cemetery, where the wreaths for the graves were placed. The little girls dressed in white. These little girls sang "Tenting Tonight on the Old Camp Ground" feelingly and effectively, after which little Miss Sue Thomas recited an appropriate selection. Several young ladies then sang a song, after which Prof. John Strauss as master of ceremonies explained in fitting manner the objects of the gathering and introduced Judge T. L. McCullough of Waco, who delivered the address of the occasion.

JUDGE McCULLOUGH REVIEWS HISTORY

Judge McCullough reviewed history to show that the Confederates were justified in their course, and also showed the conspicuous part they had played in the formation of the government of the United States and the men it had furnished for presidents and leaders; also that the right of the states had been recognized in handling their own affairs.

He closed, however, by stating that the dark and terrible days were now ended, and that all should seek refuge beneath the Stars and Stripes as liberty loving and justice promoting people and live in harmony and good will with those who had fought for what they too believed to be right. He paid a magnificent compliment to the Confederates who after the war had shown the same courage and patience in rehabilitating their country as they had shown in their patriotism in fighting for it. The veterans declared his address was one of the best they had heard in many years and congratulated him highly thereon.

There are seventeen Confederates buried in the cemetery at Robinson and all these graves were decorated with wreaths. The veterans reached Waco on the return trip at 4:20.

Tailor Charged With Theft of Trousers

A local tailor was arrested Saturday night by Night Police Officer Huff on a charge of theft of three pairs of trousers patterns from the Hammond-Vawter Tailoring company on Austin avenue, near Seventh.

Officer Huff took the patterns in charge, and yesterday morning Detective R. H. Hall of the police department found that the goods belonged to the company mentioned. It is alleged that one pattern was traded off for a quart of whiskey. The man was taken to the county jail.

What is Home Without an Heir?

This is a subject that has a place in all minds in all times. And it naturally directs thought as to the comfort of the family during that wonderful period of expectancy. Mothers who know recommend "Mother's Friend." It is an external remedy for the stretching muscles, enables them to expand without undue strain, assists the organs to crowd against nerves, to pull at ligaments, to strain at joints. Thus restful days are assured, morning sickness, headache, apprehension and other distresses are among the various things which women everywhere relate they entirely escaped by using "Mother's Friend. And by its effect upon the muscles the form is retained and they return to their natural, smooth contour after baby is born.

Thus restful days are assured, morning sickness, headache, apprehension and other distresses are among the various things which women everywhere relate they entirely escaped by using "Mother's Friend. And by its effect upon the muscles the form is retained and they return to their natural, smooth contour after baby is born. Get a bottle of this invaluable aid to expectant mothers. Any drugist will supply you. It is harmless but wonderfully effective. Write to Bradfield Regulator Co., 1000 Cedar Bldg., Atlanta, Ga., for a specially written guide book for women interested in the subject of maternity. It will prove an inspiration. It contains information that every woman should know all about. Write today.

IMPRESSIVE CEREMONIES HELD BY REV. JOHN MORRIS AT FIFTH ST. METHODIST.

Church Beautifully and Appropriately Decorated for Occasion—Members of Order Attend in Body.

Assembling in their hall on South Third street yesterday morning shortly after 10 o'clock the Odd Fellows of Waco donned their regalia and marched to Fifth Street Methodist church, where they heard their annual sermon, delivered in this case by Rev. John R. Morris, pastor of the church.

Those who had charge of the program of arrangements for the Odd Fellows were S. P. Cantrell, W. M. Robinson, E. C. Street and J. W. Hampton. A large number attended the services.

Fifth Street church had been beautifully and appropriately decorated by a committee of ladies headed by Mrs. Thurston Bowles, and the occasion was impressive. Rev. John R. Morris took as his text Gen. 1:26-27, "And God said, let us make man in our image, and after our likeness, and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth." The exposition of the text showed that man had kept in touch with his material environment and had advanced amazingly, delving into the secrets of the material universe and solving the mysteries thereof until he has conquered sea and air, earth and its material environments. The speaker said that man ought not to come into full touch with the spiritual part of his intended dominion over the fish of the sea, and out into the realms of the eternal things, taking hold upon those things which will not perish or decay, but should bring himself into more vital contact with the spiritual part of this world a place which would be a fit dwelling place for the ones who possess the name of the Nazarene. The exercises were more interesting, and the entire affair was an enjoyable and uplifting feature.

Local Deaths

The remains of J. H. Shelton reached Waco at 4:45 this morning over the Missouri, Kansas and Texas railroad, coming from Carlsbad, near San Antonio, where death occurred at 10 o'clock Saturday night, and the funeral will take place at 10 o'clock this morning from the chapel of L. C. Puckett, Seventh and Franklin streets, interment at Oakwood. Services will be conducted by Rev. P. P. Culver, pastor of Austin Avenue Methodist church.

Following will be the pall bearers: John E. Wright, George Witt, Gay Harrison, D. E. Pippin, J. W. Thagard, S. H. Clinton. Decedent had been at Carlsbad about two years, and had no family. He was a nephew of C. Shelton of 1000 Columbus street, was 44 years old and was unmarried. He was reared in Waco, but went to Center, about twenty miles from Corpus Christi, in the coast country, some ten years ago. He had many friends here who will regret to learn of his death.

The body of Mrs. Sarah P. Thomas was yesterday afternoon at 4:50 o'clock sent to DeSoto, Mo., by way of the M. & T. railroad, accompanied by Mr. and Mrs. J. W. Evans and Miss Ruth Evans.

Mrs. Thomas died on April 17 at the residence of J. W. Evans, 526 North Fifteenth street, Mrs. Evans being the daughter of Mrs. Thomas. It was not at first determined just where interment would be, hence the remains have been held at the undertaker's parlors of L. C. Puckett, on Franklin street, awaiting instructions on this point. Funeral services were held on April 18 at the residence of Mr. Evans, after which decedent was taken to the chapel in the Puckett undertaking establishment. Interment will be at DeSoto today.

PERSONAL MENTION

J. T. Sadler of Temple spent yesterday here.

J. W. Hale of Rockport was here yesterday.

L. O. Peck of Hamilton was here yesterday.

N. E. Stockton of Rosebud was in Waco yesterday.

I. B. Chilton of Marlin was in the city yesterday.

W. A. McCullough of Fort Worth was in the city yesterday.

Mrs. E. L. Harris of San Angelo visited here yesterday.

A. H. Lambuth of Dallas passed the day in Waco yesterday.

Er. I. Warsaw is spending awhile in the mountains of Arkansas.

A. L. Williams, a prominent citizen of Temple, was here yesterday.

A. V. Weaver of Lubbock spent yesterday afternoon in the city.

County Engineer B. J. Quarles of Bell county, spent yesterday in Waco.

J. B. Taylor, a prominent business man of Rosebud was in Waco yesterday.

Commissioner W. H. Cockerill has returned from San Antonio where he spent a day or two on business.

D. Johns of Austin was here yesterday afternoon, on his way to his big farm near Fowler on the Texas Central.

Cov. James E. Ferguson passed through Waco yesterday afternoon and stopped over a while in the city, meeting informally a few friends who happened in at the New State House. It was not known to many that he would be here.

CITY NEWS BRIEFS

The precinct conventions will be held next Saturday, and the meeting places for these are being arranged as rapidly as possible. Plans will then be made for the county political parties.

Fairs are already being made for the general meeting night of the Y. M. B. L. which is the second Tuesday night in the month. It is hoped by President Perry Duncan to get out a very large attendance on this occasion.

That weather conditions have been highly favorable to small grain and reasonably favorable to the farmers who have been seen regarding the outlook. It is said that the uplands are pretty well in hand as to weeds and a fight is being made to keep the lower lands in shape.

The practice of dropping weights on sidewalks is not so prevalent in Waco as it used to be, but occasionally some man is still seen who follows this plan when wanting to stomp with a team. The heavy weights destroy sidewalks and streets rapidly and it was for this reason that an ordinance against it was passed some time ago.

COUNTY CONVENTION FOR SUNDAY SCHOOL WORKERS ADJOURNS

"County Organization" was the subject of an address rendered yesterday afternoon at the McLennan county convention of Sunday school workers which was held at the First Presbyterian church by W. N. Wiggins of Dallas, general secretary of the state organization. Miss Maybelle Stierer of Dallas also gave a talk, her subject being "Organized Classes." There was a large crowd present, several places of the county being represented, among them being Bruceville, Mart, Crawford, Moody and McGregor. Immediately after Miss Stierer's address officers for the county organization were elected, which was the closing feature of the convention which has been in session here since Friday.

James Jenkins was elected president of the organization; Mrs. W. C. Harman, secretary, and vice presidents were chosen as follows: Albert C. Johnson, C. H. Carringer and Thomas B. Whiteman. The officers include representatives of Presbyterian, Methodist and Baptist denominations.

In his address Mr. Wiggins brought out the necessity of having organized classes for Sunday school work. He took up the different phases of Sunday school work and showed that the

best results were obtained in the Sunday schools that were splendidly organized. Miss Stierer gave an interesting address dealing with organized classes in the Sunday schools.

CLAY STREET CHURCH RECALLS O. E. BRYAN

The congregation of the Clay Street Baptist church, now located at Fifth and Clay streets, yesterday morning recalled to the pastor and to that church, by a practically unanimous vote, Rev. O. E. Bryan, who resigned the pastorate several weeks ago and has for the last month been holding the position of state evangelist for the Baptists of Mississippi. The members were very happy over the decision to recall Rev. Mr. Bryan, and yesterday afternoon sent him an enthusiastic telegram, urging him to come back to his old pastorate, where he had labored for about three years while the church was located at Tenth and Clay streets. It was urged that he return by next Sunday, if possible. It is understood that he will undoubtedly accept the call and at once. Services yesterday morning were conducted by Rev. H. E. Morris, a Baylor student.

Children Cry FOR FLETCHER'S CASTORIA

CROWDS EXPECTED TO ATTEND OPENING OF HOTEL RALEIGH TODAY

Everything is in readiness for the grand opening of the Raleigh hotel today. Everybody is invited to visit the hotel throughout the day and see the vast improvements made in it since the hotel has been under the present management.

Decorators have been busy on the hotel for the last three days preparing it for the formal opening to which several thousand people are expected to attend. Everybody that visits the hotel today will be presented with a souvenir.

Two special orchestras have been engaged by Manager R. E. Fellows to entertain the crowds and the Boy Scouts local band will render a number of selections in front of the building tonight.

Through the press the management of the hotel has extended an invitation to every citizen to Waco to be guests at the opening. At 9 o'clock which will be only one of the features of the day.

Time Is Very Short to Secure Tickets to Philharmonic

With the great Philharmonic Or-
chestra coming Wednesday, and the strong
demand for tickets, leaders of the
movement which will bring to this city
one of the ablest musical organizations
in the world, caution against the least
delay in purchasing tickets. Practi-
cally all of the reserved seats have
been sold out for the great Cotton
Palace coliseum and the one dollar
seats are now being rushed on sale.

Visitors from towns all over Cen-
tral Texas will be present for the mu-
sical offering and the program of the
Philharmonic represents such an ar-
ray of artists that it will appeal to
the entire musical clientele of Waco.

Mrs. Mary Harris Armor Speaks Tonight

Mrs. Mary Harris Armor of Geor-
gia, who will appear tonight at the
First Baptist church at 8 o'clock under
the auspices of the local W. C. T. U.,
has a reputation as speaker which is
equalled by few women of today.
In fact, newspaper notices regard-
ing Mrs. Armor are of a character
indicating that she is really right at the
very top in this respect. Dr.
A. J. Barton, superintendent of the
Anti-Saloon league of Texas, is un-
derstandably in the praise of the work
and speaking ability of Mrs. Armor, and
advises all the temperance people and
others interested to hear her.
She deals with many phases of soci-
ological problems as well as delivering
a temperance talk, and it is believed
that the auditorium of the church will
be packed tonight on the occasion of
her visit to this city. The W. C. T. U.
here is urging a large attendance
and indications point to success in
their efforts.

DECORATION EXERCISES ARE HELD AT ROBINSON

MEMBERS OF PAT CLEBURNE
CAMP MAKE TRIP IN
AUTOMOBILES.

John Strauss is Master of Ceremonies
and Principal Address is Made by
Judge T. L. McCullough.

A string of autos drawn up in front
of the Pat Cleburne camp quarters on
Austin street, between Seventh and
Eighth streets, yesterday afternoon
about 2 o'clock soon found themselves
loaded with Confederate veterans and
were on their way to Robinson, where
decoration day exercises were held,
beginning at 3 in the afternoon.
Waco veterans and friends of veter-
ans went to Robinson, and their par-
ticipation in the exercises at that
point proved to be very interesting
and inspiring, awakening thoughts of
the days when the heroes of the lost cause
were battling mightily for what they
thought to be right, against the op-
position who also believed in the right-
eousness of the cause represented by them.

The matter of arranging for cars at
Waco for the veterans who wanted to
go to Robinson was looked after by
Tom M. Hamilton, who for several
days prior to Sunday had been giving
time to this important matter, and
his efforts were rewarded by securing
sufficient cars. Those who furnished
cars, most of whom went in person
to take the veterans, were: Tom M.
Hamilton, John C. Weston, L. C. W.
Wright, Edgar W. H. Gohagen,
T. O. Glover, W. E. Gaylord.

WACO VETERANS THAT MADE TRIP.

The veterans going to Robinson for
the decoration day exercises included
Commander D. E. Hicks of Pat Cle-
burne Camp, U. S. V., First Lieut. J.
D. Morgan, Quartermaster John Moore,
Adit. Bradford Hancock, Chaplain
William Lambdin, Color Sergeant W.
L. Stone, George P. Lyons, W. T. Be-
heler, S. E. Cargill, E. L. Merrill,
William Bishop, Smith Powell, W. S.
Richter, N. F. Norris, W. D. Herriek,
B. Alexander, W. H. Edwards, G. H.
West, J. H. Harrell, Ben Garland, J.
W. Coleman, T. B. Cox, Capt. H. C.
Lindsey, A. J. Polke, E. M. Smith, F.
M. Gardner, W. G. Polk, Mr. Bobo, J.
T. Rogers. With the party were Mrs.
Ben Garland, Mrs. Smith Powell, Mrs.
Edgar Witt and other ladies.

After reaching Robinson the veter-
ans formed in military line and
marched to the cemetery where the
wreaths for the graves were held by
little girls dressed in white. These
little girls sang "Tenting Tonight on
the Old Camp Ground" feelingly.
Thomas recited and Miss Sue
effectively, after which little Miss Sue
sang an appropriate selection.
Several young ladies then sang
a song, after which Prof. John Strauss
as master of ceremonies explained in
fitting manner the objects of the gar-
nering and introduced Judge T. L. Mc-
Cullough of Waco, who delivered the
address of the occasion.

JUDGE McCULLOUGH REVIEWS HISTORY.

Judge McCullough reviewed history
to show that the Confederates
justified in their course, and also
showed the conspicuous part the South
had played in the formation of the
government of the United States and
the men it had furnished for presi-
dents and leaders; also that the right
of the states had been recognized in
handling their own affairs.

He closed, however, by stating that
the dark and terrible days were now
ended, and that all should seek refuge
beneath the Stars and Stripes as lib-
erty loving and justice promoting peo-
ple and live in harmony and good will
with those who had fought for what
they too believed to be right. He paid
a magnificent compliment to the Con-
federates who after the war had shown
the same courage and patience in re-
habilitating their country as they had
shown bravery and patriotism in fight-
ing for it. The veterans declared his
address was one of the best they had
heard in many years and congratulated
him highly thereon.

There are seventeen Confederates
buried in the cemetery at Robinson
and all these graves were decorated
with wreaths. The veterans reached
Waco on the return trip at 4:20.

Tailor Charged With Theft of Trousers

A local tailor was arrested Saturday
night by Night Officer Lee Huff
on a charge of theft of three pairs of
trousers patterns from the Ham-
mond-Vawter Tailoring company on Austin
avenue, near Seventh.

Officer Huff took the patterns in
charge, and yesterday morning Detec-
tive R. H. Hall of the police depart-
ment found that the goods belonged to
the company mentioned. It is alleged
that one pattern was traded off for a
quart of whiskey. The man was taken
to the county jail.

What is Home Without an Heir!

This is a subject that has a place in all
minds in all times. And it naturally di-
rects thought as to the comfort of the
mother during that wonderful
period of expectancy.
Mothers who know recom-
mend "Mother's Friend."
It is a ter-
renal remedy for the
stretching muscles, en-
ables them to expand
without undue strain,
assists the organs to
pull at ligaments, to
thus avoid pain.
Thus restful days
are assured, peaceful
nights are experienced, and other dis-
tresses are among the various things
women everywhere relate they entirely
escape by using "Mother's Friend." And
its effect upon the muscles the form is re-
tained and they return to their natural,
smooth contour after baby is born.
Get a bottle of this invaluable aid to ex-
pectant mothers. Any drugist will supply you.
It is harmless but wonderfully effective.
Write to Bradford Regulator Co., 418 La-
mar Bldg., Atlanta, Ga., for a specially writ-
ten guide book for women interested in the
subject of maternity. It will prove an inspi-
ration. It contains information that every
woman should know all about. Write today.

ANNUAL ODD FELLOWS SERMON IS DELIVERED

IMPRESSIVE CEREMONIES HELD
BY REV. JOHN MORRIS AT
FIFTH ST. METHODIST.

Church Beautifully and Appropriately
Decorated for Occasion—Members
of Order Attend in Body.

Assembling in their hall on South
Third street yesterday morning shortly
after 10 o'clock the Odd Fellows of
Waco donned their regalia and marched
to Fifth Street Methodist church,
where they heard their annual sermon,
delivered in this case by Rev. John R.
Morris, pastor of the church.

Those who had charge of the pro-
gram of arrangements for the Odd Fel-
lows were S. P. Cantrell, W. M. Robin-
son, E. C. Street and J. W. Hampton.

A large number attended the services.
Fifth Street church had been beau-
tifully and appropriately decorated by
a committee of ladies headed by Mrs.
Thurston Bowler, and the occasion was
impressive. Rev. John R. Morris took
as his text Gen. 1:26-27, "And God said,
let us make man in our image, and
after our likeness, and let them have
dominion over the fish of the sea, and
over the fowl of the air, and over the
cattle, and over all the earth." The
exposition of the text showed that man
had kept in touch with his material
environment and had advanced amaz-
ingly, delving into the secrets of the
material universe and solving the mys-
teries thereof until he has conquered
sea and air, earth and its material en-
vironment. The speaker said that
man ought not to come into full touch
with the spiritual part of his intended
dominion over the fish of the sea, and
out into the realms of those things
which will not perish or decay; he
should bring himself into more vital
touch with the spiritual force and make
of this world a place which would be
a fit dwelling place for the ones who
permeate the nature of the Nazarene.
The exercises were more interesting,
and special music was an enjoyable
and uplifting feature.

Local Deaths

The remains of J. H. Shelton reached
Waco at 4:45 this morning on the
Missouri, Kansas and Texas railroad.
Missouri, Kansas and Texas railroad.
coming from Carlsbad, near San An-
tonio, where death occurred at 10
o'clock Saturday night, and the fun-
eral will take place at 10 o'clock this
morning from the chapel of the
Puckett, Seventh and Franklin streets.
Interment at Oakwood. Services will
be conducted by Rev. F. P. Culver,
pastor of Austin Avenue Methodist
church.

Following will be the pall bearers:
John E. Wright, George Witt, Guy
Harrison, D. A. Pippin, J. W. Thag-
gard, S. H. Clinton.

Decedent had been at Carlsbad about
two years, and had no family. He was
a nephew of C. Shelton of 1909 Colum-
bus street, was 44 years old and was
unmarried. He was reared in Waco,
but went to Center, about twenty
miles from Corpus Christi, in the coast
country, some ten years ago. He had
many friends here who will regret to
learn of his death.

The body of Mrs. Sarah P. Thomas
was yesterday afternoon at 4:50 o'clock
sent to DeSoto, Mo., by way of the M.
& T. railroad, accompanied by Mr.
and Mrs. J. W. Evans and Miss Ruth
Evans.

Mrs. Thomas died on April 17 at the
residence of J. W. Evans, 826 North
Fifteenth street. Mrs. Evans being the
daughter of Mrs. Thomas.

It was not at first determined just
where interment would be, hence the
remains have been held at the under-
taking parlors of L. C. Puckett on
Franklin street awaiting instructions
on this point. Funeral services were
held on April 18 at the residence of
Mr. Evans, after which decedent was
taken to the chapel in the Puckett un-
der establishment. Interment
will be at DeSoto today.

PERSONAL MENTION

T. T. Sadler of Temple spent yesterday
here.

J. W. Hale of Rockport was here yester-
day.

L. O. Peck of Hamilton was here yester-
day.

N. E. Stockton of Rosebud was in Waco
yesterday.

I. B. Chilton of Marlin was in the city
yesterday.

W. A. McCullough of Fort Worth was
in the city yesterday.

Mrs. E. L. Harris of San Angelo visit-
ed in Waco yesterday.

A. H. Lambuth of Dallas passed the
day in Waco yesterday.

Dr. I. Warsaw is spending awhile in the
mountains of Arkansas.

A. L. Williams, a prominent citizen of
Temple, was here yesterday.

A. V. Weaver of Lubbock spent yester-
day afternoon in the city.

County Engineer R. P. Quarles of Bell
county was here yesterday in Waco.

day afternoon, on his way to his big
farm near Fowler on the Texas Central.

Gov. James E. Ferguson passed through
Waco yesterday afternoon and stopped
over a while in the city, meeting inform-
ally a few friends who happened in at
the New State House. It was not known
to many that he would be here.

CITY NEWS BRIEFS

The precinct conventions will be held
next Saturday, and the meeting places
for these are being arranged as rapidly
as possible. Plans will then be made
for the county and state conventions of
the various political parties.

Plans are already being made for the
general meeting night of the Y. M. B. L.
which is the second Tuesday night in
the month. It is hoped by President Perry
Duncan to get out a very large attend-
ance on this occasion.

That weather conditions have been
highly favorable to all other crops is
reasonably favorable to the farmers who
have been seen regarding the outlook. It is
said that the uplands are pretty well in
hand as to weeds and a fight is being
made to keep the lower lands in shape.

The practice of dropping weights on the
sidewalks is not so prevalent in Waco
as it used to be, but occasionally some-
one is still seen who follows this plan
when wanting to stop with a team.
The heavy weights destroy sidewalks and
streets rapidly and it was for this reason
that an ordinance against it was
passed some time ago.

Combine Business With Pleasure Hear the New York Philharmonic Orchestra and Visit the Sanger Store

Wednesday, May 3rd, the New York Philharmonic Orchestra will be at the Cotton Palace Coliseum for matinee and evening. The matinee commences at 3 p. m. and the evening performance at 8 p. m. The coming of the New York Philharmonic Orchestra affords those living outside of Waco the opportunity to combine business with pleasure by visiting the Sanger store and attending the performances of this great orchestra.

Let These May Days Bring You Sanger Storeward

Now is the time to plan the Summer Wardrobe. If you are going to select the new summer Gowns and Frocks ready to wear, you'll find our stocks ample in every respect and our prices most reasonable. If you are going to select the materials and fashion the new garments yourself, or have them fashioned by the dressmaker, you'll find here complete stocks of the most dainty fabrics in both silk and wash materials and wonderful assortments of Laces, Embroideries and trimming materials. Prices are lower here and qualities are better.

Automatic Refrigerator

Think of a water cooler that takes not one particle of extra ice—that occupies space which is absolutely wasted in other refrigerators—that keeps out food odors, dust and all other impurities—that gives you an abundance of safe, deliciously cold drinking water, always.

Come and see the Automatic—the only refrigerator in which you can get this wonderful water cooler.

COUNTY CONVENTION FOR SUNDAY SCHOOL WORKERS ADJOURNS

"County Organization" was the sub-
ject of an address rendered yesterday
afternoon at the McLennan county con-
vention of Sunday school workers
which was held at the First Pres-
byterian church by W. N. Wiggins of
Dallas, general secretary of the state
organization. Miss Maybelle Stier of
Dallas also gave a talk, her subject
being "Organized Classes." There was
a large crowd present, several places
of the county being represented, among
them being Bruceville, Mart, Crawford,
Moody and McGregor. Immediately
after Miss Stier's address officers for
the county organization were elected,
which was the closing feature of the
convention which has been in session
here since Friday.

James Jenkins was elected president
of the organization; Mrs. W. C. Har-
man, secretary, and vice presidents
were chosen as follows: Albert C.
Johnson, C. H. Carringer and Thom-
as B. Whitman. The officers include
representatives of Presbyterian, Meth-
odist and Baptist denominations.

In his address Mr. Wiggins brought
out the necessity of having organized
classes for Sunday school work. He
took up the different phases of Sun-
day school work and showed that the

best results were obtained in the Sun-
day schools that were splendidly or-
ganized.

CLAY STREET CHURCH RECALLS O. E. BRYAN

The congregation of the Clay Street
Baptist church, now located at Fif-
teenth and Clay streets, yesterday
morning recalled to the pastorate of
that church by a practically unani-
mous vote, Rev. O. E. Bryan, who re-
signed the pastorate several weeks ago
and has for the last month been hold-
ing the position of state evangelist for
the Baptists of Mississippi.

The members were very happy over
the decision to recall Rev. Mr. Bryan,
and yesterday afternoon sent him an
enthusiastic telegram, urging him to
come back to his old pastorate, where
he had labored for about three years
while the church was located at Tenth
and Clay streets. It was urged that he
return by next Sunday, if possible. It
is understood that he will undoubtedly
accept the call and at once.

Services yesterday morning were
conducted by Rev. H. E. Morris, a
Baylor student.

Children Cry FOR FLETCHER'S CASTORIA

CROWDS EXPECTED TO ATTEND OPENING OF HOTEL RALEIGH TODAY

Everything is in readiness for the
grand opening of the Raleigh hotel
today. Everybody is invited to visit
the hotel throughout the day and see
the vast improvements made in it since
the hotel has been under the present
management.

Decorators have been busy on the
hotel for the last three days preparing
it for the formal opening to which sev-
eral thousand people are expected to
attend. Everybody that visits the hotel
today will be presented with a
souvenir.

Two special orchestras have been
engaged by Manager R. E. Fellows to
entertain the crowds and the Boy
Scouts local band will render a num-
ber of selections in front of the build-
ing tonight.

Through the press the management
of the hotel has extended an invita-
tion to every citizen to Waco to be
guests at the opening. At 9 o'clock
tonight a dinner dance will be held
which will be only one of the features
of the day.

Fidelity and Surety BONDS Casualty and Automobile INSURANCE

"Inheritance Assured." In our reading we take this from "Life," and in our experience we also take it from life. "The bonds of the father are visited upon the children; aye, even unto the third and fourth generation." A signature on a surety bond is often responsible for blackening the family fortune beyond the day when the man who held the pen is almost forgotten. Why let your friends impose on you?

WE WRITE ALL KINDS OF BONDS.
